

## THE SOURCE OF INTERNATIONAL QUALITY

CATALOG 2025/2026

# ABOUT US

At Source of International Quality, we are a leading exporter of premium frozen seafood, supplying high-quality products to markets across Africa, Asia, and beyond. With years of expertise in the seafood industry, we ensure that our clients receive the freshest, most reliable seafood directly from the pristine waters of Oman.

Our journey began with a passion for providing sustainable and top-grade seafood, and today, we have grown into a trusted supplier for businesses worldwide, from seafood distributors to canning factories and wholesalers.

## OUR MISSION

Our goal is to deliver the best frozen seafood while keeping our customers happy. We promise quality, honesty, and great service, making sure every product meets high standards.

## OUR VISION

We want to be a top seafood exporter by providing high-quality frozen fish to customers worldwide.

We focus on innovation, sustainability, and quality while growing in global markets.

# WHO WE ARE

We are a leading seafood exporter, providing high-quality frozen fish worldwide. With our own fishing vessels, advanced processing factories, and efficient shipping services, we ensure freshness and reliability from sea to destination.

1.

## FISHING VESSELS

We own and operate a fleet of fishing vessels, allowing us to source the best seafood directly from the ocean while maintaining quality and sustainability.

2.

## PROCESSING FACTORIES

Our state-of-the-art processing facilities handle, clean, and freeze seafood with strict quality control, ensuring freshness and high standards.

3.

## SHIPPING SERVICES

With strong logistics and global shipping, we deliver frozen seafood efficiently to customers worldwide, ensuring it arrives in perfect condition.
