

# Private Label & White Label

**YOUR BRAND!**

**YOUR RULES!**

**OUR EXPERIENCE AND PROFESSIONALISM!**

# ABOUT US

Cvetita Herbal is a leading manufacturer of natural dietary supplements with over 15 years of experience in the industry. Our passion and commitment to a healthy lifestyle inspires us to develop innovative formulas suitable for various health conditions.

We provide collaboration opportunities through White Label and Private Label solutions. This allows our customers to customize our products and offer them under their own brand or create their own nutritional supplement. We don't just provide a product - we provide a complete solution.

# Why choose Private Label?

Private Label allows you to be the director of your own health brand. Create unique products that are right for your brand and target audience.

We give you the opportunity to create unique nutritional supplements that reflect your brand. We give you complete freedom in the design of the packaging, the formula and the story behind your product.

With us, you are the owner of the product, offering your customers a unique and personalized solution for a healthy lifestyle.

# Why choose White Label?

Expand your business identity with our White Label solutions.

We provide the opportunity to use our high-quality products branded with your logo.

This is the ideal option for those who want to quickly and easily expand their portfolio without investing in long production processes.

Simply add your brand and offer your customers innovative and quality nutritional supplements.

# Benefits of PRIVATE LABEL and WHITE LABEL with Cvetita Herbal:

**INDIVIDUALITY AND DESIGN FREEDOM:** Let your creativity express itself through unique designs and stories. You are the architect of your brand.

**FAST AND FLEXIBLE IMPLEMENTATION:** Shorten your time to market. We provide fast production times, allowing you to respond quickly to market trends.

**FLEXIBLE MINIMUM PRODUCTION QUANTITIES:** We understand that your business moves fast. We provide flexibility with minimum production quantities, allowing you to manage inventory and test new products without large investments.

**QUALITY CONTROL:** Every product leaving our factory undergoes strict quality control. We combine high standards with innovative technologies, ensuring that your customers receive products of the highest quality.

**FREE CONSULTATION:** Our team of experts provides you with free consultations, helping you in the process of creating and optimizing your products.

# Why choose us?

Over 15 Years of  
Industry Experience

Global Presence. Sales in over  
60 countries.

Quality and Innovation - High  
standards and constant search for  
innovative solutions.

We don't just provide a product - we provide you with a complete solution. From consulting and product formulation to packaging and logistics - we are here to help you every step of the way.

Our goal is not just to deliver you nutritional supplements, but to help you build a strong, recognizable and successful brand in the health supplement industry.
