About Us

Welcome to Kruanapat Food Products Co., Ltd.

We are a leading Thai manufacturer specializing in high-quality sauces and dipping sauces. With broad experience across various food product lines, we are dedicated to meeting the diverse needs of consumers. Our production adheres to GMP (Good Manufacturing Practice) standards and is fully certified by Thailand's HALAL authority. Headquartered in Ubon Ratchathani, northeastern Thailand, we have a production capacity exceeding 1.5 billion bottles per year and continue to expand to serve the global market.

Products & Service

Our main food products include **Sriracha Chili Sauce, Sweet Chili Sauce, Thai-Style Hot Pot Sauce, and Spicy Salad Dressing**. These are crafted using a special variety of Thai chili known as “**Hua Ruea Chili**,” cultivated exclusively by local farmers in Ubon Ratchathani, Thailand. Renowned for its medium heat level, rich flavor, distinct aroma, and natural deep red color, Hua Ruea Chili gives our sauces a unique and authentic Thai character.

In addition, we use premium **Thai garlic**, selected for its superior fragrance and taste compared to regular varieties. These carefully sourced ingredients are the reason why products from **Kruanapat Food Products Co., Ltd.** stand out in quality and taste—offering a truly distinctive flavor profile that sets us apart from other manufacturers.

OEM Service

Our company specializes in **OEM sauce production**, with direct access to raw materials such as Thai chili and garlic. Due to high demand, our products often sell out quickly. We are supported by a skilled R&D team committed to international quality standards. Our operations are certified by the Thai and USFDA, HALAL, GMP, and HACCP, making us fully equipped to export worldwide. Quality is guaranteed.
