

Home Collection

Founded in December 2023, Lydia Bedding; started production in its 20,000 m² production facility in Torbali, Izmir as of June 2024.

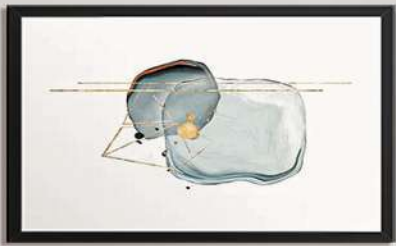

As a subsidiary of Treven Management OU-Estonia Partnership and Ziemelis Holding, it operates with the aim of offering high quality in bed, bed base, headboard design and solutions to distinguished B2B customers and hotels in the EMEA region.

Our aim; to create a difference with durable and comfortable products that combine functional and aesthetic design with our experienced team of designers, engineers, project managers, carpenters, supply and logistics experts to offer products that comply with world standards.

With our production line designed in accordance with the needs and demands of our customers; we provide ideal solutions for hotels, B2B, domestic and international customers, and maintain high quality standards in all processes by developing special approaches for each project.

As Lydia Bedding, we are determined to grow in the global market and take sleep comfort to the next level with our strong partnerships and expert staff.
