ABOUT US

At Apex Safety Gear, we are dedicated to providing top-quality leather products as a leading exporter with guaranteed competitive prices. With over 10 years of practical experience, we have built strong relationships with our valued customers.

Apex Safety Gear has the capacity and ability to meet all your needs for fully fashioned products made from fine quality materials. Our items are designed to offer consistent quality at fair market value. Our production quality control departments, managed by highly trained technicians, ensure world-class standards at every stage of production, meeting international standards for our esteemed customers across Europe and beyond.

Offering us a chance for a trial order will turn you into a permanent business customer. Your preference for sample designs will guide our innovation. Apex Safety Gear operates in two divisions: the Garment Division and the Gloves Division. Our Garment Division produces motorbike garments, fashion apparel, and workwear, while our Gloves Division specializes in high-quality motorbike gloves, work gloves, mechanical gloves, and high-tech protective gloves for the oil and gas industry, as well as welding gloves.

We are well-positioned to meet all quality and quantity requirements of our customers without any issues. You can have complete peace of mind and full confidence while working with us, as our main objective is customer satisfaction.
