About us

Trade Ethiopia is a premier Business-to-Business (B2B) platform, dedicated to facilitating international trade and fostering strong business connections between Ethiopia, Africa, and global markets. Our platform is a key hub for businesses to network and engage in import/export activities, with a focus on sectors such as agriculture, mining, infrastructure, and tourism.

CORE VALUES

- Reliability in delivering high-quality B2B services.
- Supporting clients in building sustainable business operations.

MISSION

Connecting businesses effectively to maximize opportunities.

VISION

To become the leading B2B company in Africa by 2030 in providing excellent and lasting services that help promote growth and facilitate the progress of a business through modern technology.

Industry Focus

- Agriculture | Mining | Infrastructure
- Industrial products, electronics, electrical goods, hardware, household items, textiles, clothing, food products, health products, office supplies, and more.

Impact

Trade Ethiopia has significantly improved market access for smallholder farmers and cooperatives, connecting them with international buyers and helping to boost incomes and living standards. We also provide international businesses with direct access to Ethiopian and African markets, facilitating sustainable trade relationships.

Partnerships and Collaborations

Trade Ethiopia actively seeks partnerships with embassies, trade organizations, and businesses to expand its reach and services. Recent collaborations include initiatives with international exporters, importers, and joint ventures in the agricultural and infrastructure sectors.

What We Do

Trade Ethiopia assists buyers and sellers to connect with each other through our online portal. we deliver comprehensive business solutions to domestics and global business Communities through a side array of online services, as well as facilitate trade promotional events, all of which support manufacturers, suppliers, wholesalers, exporters, and others to grow their businesses. Moreover, our participation in intra-African Trade through the African Continental Free Trade Area (AfCFTA) has boosted trade and broadened economic integration for businesses. Essentially, businesses receive exposure to current markets and create a local, regional and international business network through our sage and sercure online environment

Our Online Portal

Trade Ethiopia B2B online portal provides a single platform to all businesses for the online promotion of its products and services. Our secured portal is an ideal forum for buyers and sellers across the globe to interact with each other and conduct business smoothly, transparently, and effectively. Trade Ethiopia has witnessed rapid growth in terms of site traffic, including page views, visitors, searches, and registration. Our portal provides the opportunity for parties to meet and work together towards accomplishing mutual goals, maximizing trade and business value, while cultivating a strong brand image for businesses.
